Dato' Mohd Fadzli Yusof retired as the founding CEO of Malaysia's pioneer Takaful operator, Syarikat Takaful Malaysia Berhad (Takaful Malaysia) in 2005. Under his stewardship, assets of Takaful Malaysia grew RM 2.4 billion. He led Takaful Malaysia in 2001 to be the first Takaful company to be listed on Bursa Malaysia. During his stewardship, Takaful Malaysia was accorded 'Best Provider for Takaful Services' in 2004 by Euromoney.

Prior to joining Takaful Malaysia, he was part of the senior management of Malaysian National Insurance Bhd, then the largest insurance group in Malaysia. He was also a member of the Special Task Force Committee set up by the Malaysian Government to formulate the regulatory and market framework for the Takaful industry in Malaysia prior to the setting up of Takaful Malaysia.

His contributions to global Islamic finance included providing primary assistance in establishment of Takaful operations in Brunei, Indonesia, Sri Lanka, Bangladesh and Saudi Arabia. As founder chairman of Asean Takaful Group, he established the foundation for technical and business co-operation among the regional Takaful operators. Takaful Malaysia established its subsidiary, Asean Retakaful International (L) Ltd (ARIL), arguably the world's first full-fledged dedicated retakaful company. Under his chairmanship from 1997 to 2005, not only did ARIL's shareholding base expand internationally, but ARIL metamorphosed into a global-based Company that offers retakaful services to more than 40 Takaful operators across the globe.
