

Mediterranean Economic Forum and Workshop on Islamic Finance, 14th and 15th November, Malta

We are pleased to announce that the Malta Institute of Management, in collaboration with Dar al Sharia and ASSAIF, will be hosting a one-day workshop on Islamic finance on November 15th. Following the great success of the preceding edition on the practical aspects of structuring Sukuk, this workshop, themed "Practical Aspects of Islamic Banking and Finance - A Theory vs Practice Perspective", will address the much debated issue of the peculiarities and added value of the Islamic finance proposition vs the conventional one.

The day before, the "Mediterranean Economic Forum 2013" will gather to debate the development of Foreign Direct Investments in North Africa.

Attending the two events will give the participants a fresh perspective on Islamic finance.
